## Changes to Your Mortgage Interest Rate and Payments on September 1, 2012

Under the terms of your Adjustable-Rate Mortgage (ARM), you had a three-year period during which your interest rate stayed the same. That period ends on September 1, 2012, so on that date your interest rate may change. After that, your interest rate may change annually for the rest of your loan term. Any change in your interest rate may also change your mortgage payment. Also, as of September 1, 2012 your mortgage payment will include principal as well as interest.

	Current Rate and Monthly Payment	Estimated New Rate and Monthly Payment
Interest Rate	4.25%	6.25%
Principal	- none -	\$237.70
Interest	\$708.33	\$1,041.66
Escrow (Taxes and Insurance)	\$450.00	\$450.00
<b>Total Monthly Payment</b>	<b>\$1,158.33</b>	<b>\$1,729.36 (due October 1, 2012)</b>

**Interest Rate:** We calculated your interest rate by taking a published "index rate" and adding a certain number of percentage points, called the "margin." Under your loan agreement, your index rate is the 1-year LIBOR and your margin is 2.25%. The LIBOR index is published daily in the Wall Street Journal.

**Rate Limits:** Your rate cannot go higher than 11.625% over the life of the loan. Your rate can change each year by no more than 2.00%. We did not include an additional 1.00% interest rate increase to your new rate because a rate limit applied. This additional increase may be applied to your interest rate when it adjusts again on September 1, 2013.

**New Interest Rate and Monthly Payment:** The table above shows our estimate of your new interest rate and new monthly payment. These amounts are based on the LIBOR index as of now, your margin, your loan balance of \$200,000, and your remaining loan term of 324 months. **However, if the LIBOR index has changed when we calculate the exact amount of your new interest rate and payment, your new interest rate and payment may be different from the estimate above. We will send you another notice with the exact amount of your new interest rate and payment 2 to 4 months before the first new payment is due, if your new payment will be different from your current payment.**

**Prepayment Penalty:** None
